

***Bordertown Cider and Winery presents its tall can Hard Pressed Apple Cider  
A true reflection of the delicious apples grown in the South Okanagan***

**Hard Pressed Cider™** is pressed, fermented and packaged using only the juiciest, fresh-pressed apples, home grown in Bordertown's orchards in sun-drenched Osoyoos, in BC's Okanagan Valley.

Naturally gluten-free and made from 100% fresh squeezed estate grown apples and no concentrates, Hard Pressed utilizes all natural ingredients, with no additives, preservatives or added flavours.

Hard Pressed uses heritage apple varieties, each contributing in its own special way to a cider that's refreshingly dry, with fleshy apple fruit. It's downright delicious! You truly would be hard pressed to find a better cider!

Bordertown extends its flawless reputation for high quality estate wines into the production of high quality cider, using the same care and attention in growing and processing its apple varieties as it does with its grape varieties. The result is a deliciously crisp, dry cider that shows off delightful, lip-smacking, thirst-quenching, lush apple fruit. It's cider at its absolute finest.

**Growing Region:** South Okanagan    **Alcohol:** 5.5%    **Size:** 473 ml
